

Javier Nicolas Nieto

Electronic Engineer

+61 458 319 336 | javiernieto.ni@gmail.com | Melbourne, VIC 3000 | linkedin.com/in/javinnieto/

PROFESSIONAL PROFILE

Electronic Engineer (Honours) based in Melbourne with a strong analytical background, proficiency in data processing, and experience in managing technical data acquisition, documentation, and quantitative analysis.

EDUCATION

- Bachelor of Electronic Engineering (Honours) | National Technological University | Córdoba, Argentina | Graduated: 2025

PROFESSIONAL EXPERIENCE

Technical Team Coordinator

Technology Cluster | La Rioja, Argentina | April 2025 – June 2026

- Managed data acquisition and processing pipelines for advanced robotic systems, ensuring high accuracy and structured reporting.
- Architected integrated software solutions and documented technical procedures to optimize team workflows and data management.
- Conducted technical training programs and prepared clear summaries for various stakeholders.

Backend Developer

AVEIT | Córdoba, Argentina | January - December 2024

- Analyzed operational requirements and maintained complex database architectures using Django and MySQL.
- Contributed to the optimization of a comprehensive management system featuring 11 integrated modules, focusing on data accuracy.
- Collaborated with cross-functional team members to interpret data needs and improve workflow alignment using Scrum methodologies.

Electronic Engineering Final Project

National Technological University (UTN) | Córdoba, Argentina | August – December 2024

- Engineered a functional model for payload systems, applying quantitative methods to analyze operational and sensor data.
- Integrated sensors using communication protocols and structured data sets for ground station communication.
- Documented experimental procedures and prepared clear technical reports for academic stakeholders.

TECHNICAL SKILLS

- Programming & Data Analysis: Python, C++, SQL, Matlab.
- Database & Tools: MySQL, Git, Linux, Excel, BI tools.
- Core Competencies: Data Modeling, Quantitative Methods, Technical Documentation, Problem-Solving.

LANGUAGES

- Spanish: Native.
- English: Advanced (IELTS Overall Band Score: 7 [C1]).
