

Javier Nicolas Nieto

Electronic Engineer

+61 458 319 336 | javiernieto.ni@gmail.com | Melbourne, VIC 3000 | linkedin.com/in/javinnieto/

PROFESSIONAL PROFILE

Electronic Engineer based in Melbourne on a Working Holiday Visa, with a strong background in embedded systems, hardware debugging, and communication protocols. Proven ability to handle on-site technical coordination, system diagnostics, and hardware-software integration.

EDUCATION

- Bachelor of Electronic Engineering (Honours) | National Technological University | Córdoba, Argentina | Graduated: 2025

PROFESSIONAL EXPERIENCE

Technical Team Coordinator

Technology Cluster | La Rioja, Argentina | April 2025 – June 2026

- Coordinated technical operations and managed on-site hardware inspection and system deployment.
- Architected AI-integrated software and designed custom PCBs for advanced electronic systems.
- Conducted technical training programs and managed documentation for engineering projects.

Electronic Engineering Final Project

National Technological University (UTN) | Córdoba, Argentina | August – December 2024

- Engineered a functional communication model utilizing LoRa for data transmission.
- Executed selection and integration of high-frequency (HF) electronic components and wiring.
- Integrated sensors and performed communication debugging using I2C and SPI protocols.
- Documented technical procedures and test results for system validation.

Supervised Professional Internship

National Technological University (UTN) | Córdoba, Argentina | July – December 2023

- Developed the HEXSAR project, focusing on hardware system assembly and maintenance.
- Designed and constructed control hardware, performing PCB prototyping and system debugging.
- Programmed microcontrollers and implemented sensor communication systems.

TECHNICAL SKILLS

- Programming: C++, Python, Matlab.
- Hardware & Design: PCB Design (KiCad), 3D Modeling (SolidWorks, Fusion 360), FPGA.
- Communication Protocols & Systems: UART, SPI, I2C, LoRa, Firmware Debugging.
- Embedded Systems: Microcontrollers (STM32/ESP32/AVR), RTOS, Linux, ROS.

LANGUAGES

- Spanish: Native.
- English: Advanced (IELTS Overall Band Score: 7 [C1]).
