

**Javier Nicolas Nieto**

## Electronic Engineer

+61 458 319 336 | [javiernieto.ni@gmail.com](mailto:javiernieto.ni@gmail.com) | Melbourne, VIC 3000 | [linkedin.com/in/javinnieto/](https://linkedin.com/in/javinnieto/)

### PROFESSIONAL PROFILE

Electronic Engineer based in Melbourne with a strong analytical background and proven data management, reporting, and problem-solving skills. Highly proficient in organizing complex data structures, optimizing system performance, and collaborating with cross-functional teams to drive service improvement and operational compliance.

### EDUCATION

- Bachelor of Electronic Engineering (Honours) | National Technological University | Córdoba, Argentina | Graduated: 2025

### PROFESSIONAL EXPERIENCE

#### Backend Developer

*AVEIT | Córdoba, Argentina | January - December 2024*

- Managed, analyzed, and maintained complex backend databases using MySQL to ensure high data accuracy and integrity.
- Contributed to the optimization of a comprehensive management system featuring 11 integrated modules, supporting reporting and data performance.
- Collaborated closely with stakeholders to streamline user workflows and align development with operational objectives.

#### Technical Team Coordinator

*Technology Cluster | La Rioja, Argentina | April 2025 – June 2026*

- Spearheaded data acquisition and analysis processes for advanced robotic and technological systems.
- Prepared technical reports and dashboards to communicate project performance and service trends to stakeholders.
- Collaborated cross-functionally to improve system workflows and ensure compliance with technical standards.

#### Electronic Engineering Final Project

*National Technological University (UTN) | Córdoba, Argentina | August – December 2024*

- Engineered functional data models and communication payloads, focusing on precise asset and record maintenance.
- Documented experimental procedures and analyzed performance data to drive continual improvement.
- Applied strong problem-solving skills to integrate sensors and troubleshoot communication protocols.

### TECHNICAL SKILLS

- Programming & Data Analysis: Python, C++, SQL, Matlab.
- Systems & Reporting: Data Analysis, Reporting Tools, IT Service Management practices, Documentation.
- Tools & Platforms: Git, Linux, MySQL, GIT, Hardware & Software Troubleshooting.

### LANGUAGES

- Spanish: Native.
- English: Advanced (IELTS Overall Band Score: 7 [C1]).
