

Javier Nicolas Nieto

Electronic Engineer

+61 458 319 336 | javiernieto.ni@gmail.com | Melbourne, VIC 3000 | linkedin.com/in/javinnieto/

PROFESSIONAL PROFILE

Electronic Engineer (Honours) based in Melbourne on a Working Holiday Visa, with a strong analytical background and acute attention to detail. Highly proficient in evaluating technical systems, troubleshooting software components, and documenting experimental procedures with precision.

EDUCATION

- Bachelor of Electronic Engineering (Honours) | National Technological University | Córdoba, Argentina | Graduated: 2025

PROFESSIONAL EXPERIENCE

Backend Developer

AVEIT | Córdoba, Argentina | January - December 2024

- Tested, maintained, and optimized complex backend architectures and integrated modules to ensure reliable software performance.
- Documented and tracked software defects, providing clear feedback to improve overall system quality and functionality.
- Collaborated with team members to execute functional reviews and ensure high standards in software delivery.

Electronic Engineering Final Project

National Technological University (UTN) | Córdoba, Argentina | August – December 2024

- Engineered and systematically tested a functional model for CubeSat payload using LoRa communication protocols.
- Executed rigorous validation of electronic components and integrated sensors using I2C and SPI communication protocols.
- Thoroughly documented experimental procedures, testing outcomes, and system integration steps.

Technical Team Coordinator

Technology Cluster | La Rioja, Argentina | April 2025 – June 2026

- Designed, tested, and troubleshoot integrated software and custom hardware for advanced robotic systems.
- Conducted detailed technical evaluations and managed project quality assurance from prototyping to implementation.
- Authored technical documentation and led training programs with a strong emphasis on precision and standards.

TECHNICAL SKILLS

- Programming & Testing: C++, Python, Matlab, GIT, Linux.
- Hardware & Design: PCB Design (KiCad), Firmware Debugging, Microcontrollers (STM32/ESP32/AVR).
- Protocols & Documentation: UART, SPI, I2C, LoRa, Technical Documentation.

LANGUAGES

- Spanish: Native.
- English: Advanced (IELTS Overall Band Score: 7 [C1]).
